Newbot before Handle Source

bot.go Handle

Added client 1 -  - 172.20.10.9:34219      Bot Added
in NewAttack with argument str as   udp 172.20.10.6 5

shellwords changes to  [udp 172.20.10.6 5]
                      Attack string marshalled and txed
in Build

for loop

ReadLine

first error
                              Bot process killed on client
Deleted client 1 -  - 172.20.10.9:34219
